SCHOLARSHIP

In support of 'good work, done well', Elemental Projects launched the SDG Project Management Scholarship in 2019, for project teams whose projects align with one or more of the 17 SDGs.

Empowering purpose driven projects.

In 2015, the United Nations published 17 Sustainable Development Goals (SDGs) to unite the world in moving toward a more sustainable future. Organisations across Australia have responded with creative, innovative and transformative projects aligned with the SDGs.

The SDG Project Management Scholarship program seeks to maximise awareness and achievement of the SDGs by developing the knowledge, skills, networks and profiles of the people delivering SDG-aligned projects.

Get involved.
